seleCCTable™ colors

selectable lumens

COOPER
Lighting Solutions

Field selectable technology empowers you to take control. Go selectable to choose your way, every time. Adjust color temperatures (CCT) and lumen outputs with the flip of a switch!

Flexibility at Your Fingertips

Multiple Light Choices, One Fixture.

Why Selectable?

SELECTABLE COLORS (CCT)

Choose from a wide range of color temperatures to set the ideal lighting scene.

SELECTABLE LUMENS

Select between the preset lumen outputs to create your optimal lighting experience.

Distributor Benefits

- **Simplify stock needed**
- **Less shelf space required**
- **Working capital reductions**
- **Product availability**

Contractor Benefits

- **Install less fixture types per job to save time and money**
- **Less back and forth with the customer increasing service efficiency**
- **Eliminate call backs or make easy changes if the customer requires. No Electrician required to change the color or lumens - conviently located on top.**

ARS Achieva Selectable LED Center Basket

The Achieva™ Recessed Selectable center basket offers selectable lumen output and color temperature with a simple, easy to access toggle switch. The ultra slim 1.5" design fits into the shallowest of plenums and offers an upgraded center basket aesthetic. Constructed with Cooper Lighting's latest selectable technology platform, the Achieva delivers unprecedented light level and CCT flexibility, energy savings, slim housing design, and sustainable packaging options.

Product Benefits

- Selectable lumens and CCT for design and stock friendly applications
- Selectable CCT in 3500K, 4000K, 5000K in >80 CRI
- Selectable lumens in Low, Medium, and High up to 8,000 lumens with standard and HO selectable options
- Shallow 1.5" housing stays below the T-grid height for shallow plenum designs
- Single Carton or Multi-pack options for less onsite waste

Product Benefits

• Selectable CCT in 3000K, 3500K, 4000K in >80 CRI
• Selectable lumens in Low, Medium, and High up to 6,500 lumens
• Ideal for replacing 2-4 lamp fluorescent troffers
• 0-10V dimming with 120-277V (UNV) standard
• Suitable for recessed, surface, or suspension mounting
• DLC Compliant and UL Damp rated with a 5 year warranty
• Latch-less design provides clean architectural look and feel

CGTS

Lumen and CCT Select LED Panel

The contractor go-to selectable panel providing customers an affordable panel that fits in shallow plenums with room to spare. Three selectable lumen levels (high, medium, low) and three selectable color temperatures (3500K, 4000K, 5000K) are available using simple switches on the fixture. Use CGTS for commercial office spaces, schools, healthcare, and retail merchandising areas.

FPS
Lumen and CCT Select LED Panel

This edge lit selectable panel provides the high performance and aesthetic appeal of a flat panel while also providing the flexibility to adapt to the changing needs of a space, setting, or environment. Two large switches enable three selectable lumen levels (high, medium, low) and three selectable color temperatures (3000K, 3500K, and 4000K). FPS is an excellent lighting solution for commercial office spaces, schools, healthcare and retail merchandising areas.

AWS/AWWS
Achieva Selectable LED Wrap

Selectable and versatile commercial grade wrap solution suitable for ceiling, wall, or suspension mounting. The Achieva Wrap Selectable is offered in 2', 4', and 8' lengths along with selectable color options of 3500K, 4000K, or 5000K or 3000K, 3500K, and 4000K. The AWS also offers selectable lumen options, with up to 13,000 lumens, for a wide range of retrofit applications. Offered in both 80 and 90 CRI, the Achieva delivers flexible high performance lighting for stairwells, corridors, and low bay industrial spaces.
