

Quality Products. Service Excellence.

Four Post Mounting Sliding Shelf *RSUS Series*

Features

- Constructed of 16 gauge steel.
- Easily gain access to non rack mountable equipment in a server cabinet or 4-post rack rack.
- Requires two (2) pairs of mounting rails.
- Heavy duty ball bearing slides included
- The slides feature a stopping mechanism, preventing the shelf from accidentally falling out of the slide tray.
- Up to 130 lbs (59.9 kg) in weight capacity.
- Rugged textured powder paint finish.
- RoHS and REACH compliant.
- Manufactured in North America.

Accessories

- Mounting Hardware
- Hook and Loop Roll

Solid Part No.	Vented Part No.	Overall Dimensions		Shelf Dimensions			Rail Mounting Depth		Slide Travel	Weight Capacity
